December 3, 2012

Dear CSRA School Administrator,

Savannah River Nuclear Solutions (SRNS), LLC is pleased to announce that applications for its 2013 Innovative Teaching Mini Grants Program are now being accepted. **Note: Only those proposals submitted on the SRNS application will be considered. All others will be disqualified.**

Enclosed with this letter is an application form, flyers for you to post throughout your school, and brochures that contain evaluation criteria, grant writing tips and answers to frequently asked questions. Please read the instructions very carefully to prevent proposals from being disqualified. Make sure every educator who plans to submit a grant receives an application package. The application is also available in both Microsoft Word and pdf format on our web site at [http://www.srs.gov/general/outreach/edoutrch/ed\\_home.htm](http://www.srs.gov/general/outreach/edoutrch/ed_home.htm).

**Proposals MUST be received in our office by close of business March 1, 2013.**

Fax copies will not be accepted, nor can applications be hand delivered by non-SRS employees. Proposals will be evaluated by a panel of judges based on the criteria listed in the brochure. Everyone who submits a grant will be invited to the annual reception honoring all educators in April 2013.

SRNS is committed to providing assistance to the local education community by rewarding innovative teaching methods with funds to enhance elementary and middle school science, mathematics, and technology programs in the Central Savannah River Area (CSRA). All elementary and middle school educators in the seven-county CSRA (Aiken, Allendale, Bamberg, Barnwell, and Edgefield counties in South Carolina, and Columbia and Richmond counties in Georgia) are invited to submit an application for one of three categories.

Please encourage all educators to take advantage of this program. If you have questions or need additional information, feel free to contact me at 803-952-9450, or by email at [gladys.moore@srs.gov](mailto:gladys.moore@srs.gov).

Sincerely,

Gladys N. Moore, Program Coordinator
